

Proxy Configurations for Firefox

The image illustrates the process of configuring a proxy in Firefox through three sequential screenshots:

- Screenshot 1:** Shows the Firefox browser interface with the 'Options' menu item highlighted in the top-right corner. The background displays the 'Library System' website of King Fahd University of Petroleum & Minerals.
- Screenshot 2:** Shows the 'Options' window (about:preferences) with the 'Network Settings' section selected. The 'Settings...' button is highlighted with a red arrow.
- Screenshot 3:** Shows the 'Connection Settings' dialog box. The 'Manual proxy configuration' radio button is selected. The 'Automatic proxy configuration URL' field is populated with 'http://library.ku.edu.bh/kuProxy'. A red arrow points to the 'OK' button at the bottom.
